Dear Mr. Weisberg:

Many thanks for your letter and ordering information.

I'm going to have to do this a little bit at a time, as money is a bit tight (I'm out of work right now). So please send me the following:

① Whitewash IV (Top Secret JFK Assassination Transcript) — $13.50

② Photographic Whitewash — $15.50

$29.00

Please find enclosed a check for $29.00. I've always admired your work; so I will appreciate it very much if you will autograph both books. Thank you.

I hope to order two more books in the near future - as money allows. In the meantime I have a question on the price of Post Mortem. In one place it is listed as $18.00, and in another it says $20.00. Which is correct? I realize it's only $2.00, but, as I said, money is a bit tight right now.

I hope I'm not being too much of a bother, but I'd like to ask a couple of questions about the assassination.

① In my previous letter I had asked you why the film shows J.F.K.'s blood and brain matter spraying out the front of his head, when all of the evidence clearly shows he was shot from the front (plus the rear, but that head shot was from the front). Your answer was that the spray was in all directions. I know one of the motorcycle cops (behind JFK) stated his windshield was covered in blood, but the

film seems to show the greatest amount spraying forward. I don't understand this, as it seems to defy the laws of physics and ballistics. Could he have been shot in the front and rear of the head at the same time?

(2) Who do you believe was involved in the assassination? I don't believe Russia or Cuba was involved, though some Cubans independently could have been in on it. I do believe the C.I.A., working with the mafia, was the primary culprit. I believe it's also likely that the F.B.I. and some extreme right wing oilmen were in on it, too. Do you agree? Do you think Lyndon Johnson and/or Nixon were involved? I believe Johnson had foreknowledge, but I don't know about Nixon.

I thank you very much for your kind invitation to look through your files. If I'm ever in the area I'd certainly like to do that - but more, I'd like to talk with you about the assassination and your work.

I certainly hope your health has greatly improved, and that it continues to do so.

Thank you again. Take care.

Sincerely

Jack Kissling
